Dear Paul,

I hope you had a good break. Attached are the 1":200' maps you requested for our leases 47287 and 47279. I included a rough sketch for 47287 to give better perspective on where the processing facility is. I will be sending more detailed maps for the two additional permit applications I have filed, and I will also be filing another permit application today.

Please let me know the reclamation bond amounts as soon as you can so I can get the forms submitted. I would like to have a bond amount for 47279 for a meeting at the planning commission in Vernal tomorrow evening. And please let me know also if you need any other information from me.

Thanks,

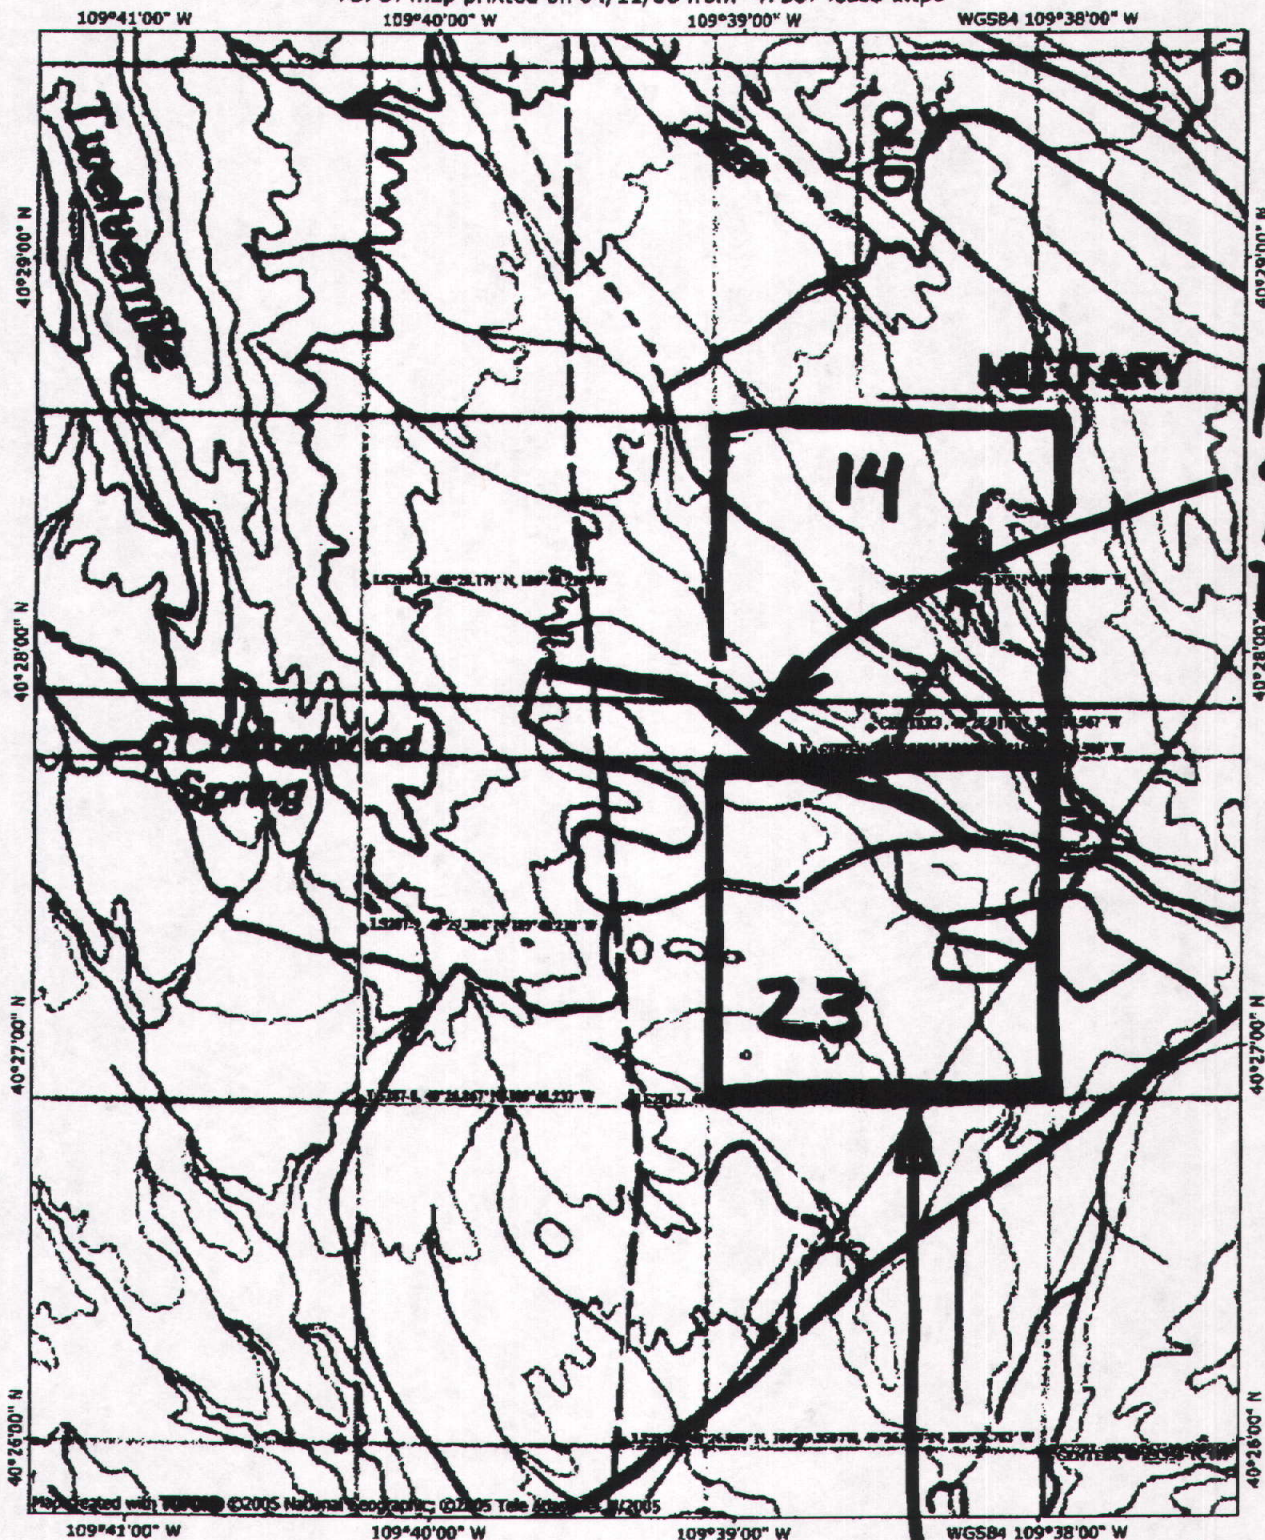

Alan Propp
